vi Preface xv About the Author xxv Chapter 1 the nature of econometrics and economic Data 1 1.1 What is Econometrics? 1 1.2 Steps in Empirical Economic Analysis 2

### **Introductory Econometrics: A Modern Approach**

Learning styles refer to a range of competing and contested theories that aim to account for differences in individuals' learning. These theories propose that all people can be classified according to their 'style' of learning, although the various theories present differing views on how the styles should be defined and categorized.

### **Learning styles - Wikipedia**

Educational technology is "the study and ethical practice of facilitating learning and improving performance by creating, using, and managing appropriate technological processes and resources".

### **Educational technology - Wikipedia**

As can be seen from the above schematic presentation and the discussion on the linked pages, these

approaches involve contrasting ideas as to the purpose and process of learning and education and the role that educators may take.
