Mathematical Impossibility? I was recently presented with this link in a debating group. I started to go through it and comment point by point but instead put the debate on hold and told my opponent I would get back to her with a freshly written article looking at all the points put forward and debunk each individually.

Causality (also referred to as causation, or cause and effect) is what connects one process, the cause, with another process or state, the effect, where the former is partly responsible for the second, and the latter is partly dependent on the former.

Causality - Wikipedia

AP's high school Biology course is a rigorous, college-level class that provides an opportunity to gain the skills and experience colleges recognize.

AP Biology " Students " AP Courses " The College Board

The precursor to a hypothesis is a research problem, usually framed as a question. It might ask what, or why, something is happening. For example, we might wonder why the stocks of cod in the North Atlantic are declining.

Research Hypothesis - Explorable

For God and Globe recovers the history of an important yet largely forgotten intellectual movement in interwar America. Michael G. Thompson explores the way radical-left and ecumenical Protestant internationalists articulated new understandings of the ethics of international relations between the 1920s and the 1940s.
