Questions, tasks and activities to support assessment

Mastery learning (or, as it was initially called, "learning for mastery") is an instructional strategy and educational philosophy, first formally proposed by Benjamin Bloom in 1968.

Mastery learning - Wikipedia

While adopting the concept of a scripted lesson made famous by Engelmann and the University of Oregon, the Farkota DI model has modernised the delivery process, and streamlined the script concept in a manner that strikes a balance between teacher-directed and student-directed learning.
