Attention: We have put together a thread with tips and a tutorial video to help with using the new software. Please take a moment to check out the thread here: [Trapshooters.com Tutorial & Help Video](#).

Trap Fundamentals & Etiquette on ATA site | Trap Shooters

The Berlin Blockade (24 June 1948 – 12 May 1949) was one of the first major international crises of the Cold War. During the multinational occupation of post-World War II Germany, the Soviet Union blocked the Western Allies' railway, road, and canal access to the sectors of Berlin under Western control.

Relating to your question about space being flat, according to GR you would experience gravitational time dilation relative to a distant observer even if you were in a hollow spherical shell where there'd be no gravitational forces inside, see the post by pervedt at the end of this thread, or this paper on arxiv.org.

Gravity time dilation in the Earth? | Physics Forums

Hello there! Welcome to the Cove! We are glad you dropped by. Now to your question, I am not sure what you are asking. You mention determining minimum weight, and calculating uncertainty.

How to determine Minimum Weight of analytical Balance

Mar-2017: Alerts were helpful to find the car, I liked that it showed the total discount, and could filter the columns down to what I wanted. Feed was also more current than the other similar site out there.
