Earn your Additive Manufacturing Certification through a new collaborative program between UL and Tooling U-SME. This new gold standard in additive manufacturing certification combines UL's multi-tiered training program and Tooling U-SME's professional certification.

Additive Manufacturing Certification - sme.org

Fundamentalism usually has a religious connotation that indicates unwavering attachment to a set of irreducible beliefs. However, fundamentalism has come to be applied to a tendency among certain groups "mainly, although not exclusively, in religion" that is characterized by a markedly strict literalism as it is applied to certain specific ...

A Turing machine is a mathematical model of computation that defines an abstract machine, which

manipulates symbols on a strip of tape according to a table of rules. Despite the model's simplicity, given any computer algorithm, a Turing machine capable of simulating that algorithm's logic can be constructed.
