APA 3210 is Chapter 8 "Ecological Energetics of Small Mammals" in the book Small Mammals : Their Productivity and Population Dynamics, pages 173-204.

### **Small mammals: their productivity and population dynamics**

This volume, first published in 1975, looks at small mammal populations with emphasis being placed on their ecology and energy dynamics. It discusses the most productive research techniques and research objectives. The second part of the book deals with the roles of small mammals in ecosystems ranging from the tropics to the tundra and special consideration is given to the impact of rodents on ...
