The normalcy bias, or normality bias, is a belief people hold when considering the possibility of a disaster. It causes people to underestimate both the likelihood of a disaster and its possible effects, because people believe that things will always function the way things normally have functioned.

â€œThe honest investigator must be prepared to follow wherever the search of truth may lead. Truth is often found in the most unexpected places. He must, with fearless and open mind insist that facts are far more important than any cherished, mistaken beliefs, no matter how unpleasant the facts or how delightful the beliefs.â€•
