Monetary economics is the branch of economics that studies the different competing theories of money. It
provides a framework for analyzing money and considers its functions, such as medium of exchange, store of
value and unit of account.

Monetary economics - Wikipedia

InvestWrite is the competitive, culminating investing project for students in my Personal Money Management
class. It is an exciting learning experience that ties together their Stock Market Game participation with critical
thinking, research, and writing; it may even challenge a student's persuasive and creative talents depending
on the prompt.
