Showing why photography matters now as an art requires more than demonstrating that it matters in the way that certain paintings did in the eighteenth century, or that it exhibits deep connections to certain philosophical projects in the twentieth.

### **Photography Matters as Art as Never Before By Michael**

A lucid and wide-ranging meditation on why photography is unique among the picture-making arts.

Photography matters, writes Jerry Thompson, because of how it worksâ€”not only as an artistic medium but also as a way of knowing.

From the late 1970s onward, serious art photography began to be made at large scale and for the wall. Michael Fried argues that this immediately compelled photographers to grapple with issues centering on the relationship between the photograph and the viewer standing before it that until then had been the province

only of painting. Fried ...
