DESCRIPTION: EasyFlo Series Liquid Plastics are excellent for casting decorative objects, sculpture reproductions, production parts, tools, models, duplicate masters and more.

## **EasyFlo Series Liquid Plastics Technical Bulletin**

Our Story. Fiesta Plastics Inc. first opened its doors in 1988. Jack Thompson, after working in the plastics industry for over 30 years, traded the title of his truck for a small injection molding machine, with the promise of paying off the balance of the machine or he would return the machine and lose his truck.

The Aurora Plastics Corporation is a U.S. toy and hobby manufacturing company. It is known primarily for its production of plastic model kits of airplanes, automobiles, and TV and movie figures in the 1960s.

## **Aurora Plastics Corporation - Wikipedia**

The History and Future of Plastics What Are Plastics, and Where Do They Come From? Plastic is a word that originally meant "moldable and easily shaped." It only recently became a name for a category of materials called polymers. The word polymer means "of many parts," and polymers are made of long chains of molecules. Polymers abound in ...
